# CHEMICALS OUR PASSION

Empowering manufacturers with high-quality chemicals that  
shape everyday products and advanced applications

# ABOUT US

## Advanced Line Trading Company

**ADV One** of the leading national companies working in the manufacture and trade of chemicals, and as we are making unremitting efforts and allocating a lot of time and resources to establish unique, integrated and world-class value products in the chemical sector, and where our experience in this field stems from the multiplicity of our investments in our sister companies in the fields (technology sector Information - raining Sector - T Spare Parts Sector - Real Estate Investment Sector - Operation Sector)

# OUR VISION

**ADVANCED LINE** for trading our experience and knowledge, **ADV** will continue to invest in infrastructure, technology and people to maintain our growth and customer service levels. We will continue to identify emerging markets and. on our experience people to maintain our growth and customer service levels. We will continue to identify emerging markets and opportunities across the world.

**ADVANCED LINE** has established strong dynamic relationships with its clients and suppliers due to its commitment to quality assurance. Constant review and management of all our changing processes ensures we maintain best business practices, while acting in accordance with the relevant industry standards all over the world.

# OUR MISSION

We are a reliable manufacturing & trading company active in the chemical industry. We provide products of excellent quality at a fair price and are clear and transparent in our dealings with customers and suppliers. Furthermore, we are a company that pays attention to the environment and strives for a pleasant working climate.

# OUR VALUES

## Safety

is our priority - that's why we only cooperate with the most reliable service partners who also guarantee safe working conditions. This is fundamental to continuing our global business operations. Safe transport, storage of products, and operational activities will ultimately result in protecting our employees, customers, suppliers and the environment. The recently implemented internal flow management improved the quality of our performance considerably, minimizing the risk of mistakes.

## Innovation

is a collaborative process by which organizations abandon old paradigms and make significant advances. Innovative ideas come from several sources, including unreasonable demands or goals and time pressures. However, there are many blocks to innovation. An innovative idea is not helpful to an organization unless it is tested and implemented. The perfect solution is sometimes there; as a vision, a thought, a dream or just a wish. But it is often far too complex for an individual to take it into reality. In ADV; we work to transform these ideas and visions into reality.

# ISO CERTIFIED

**ISO 9001:2015**

**+1000 Clients**

**ISO 45001:2018**

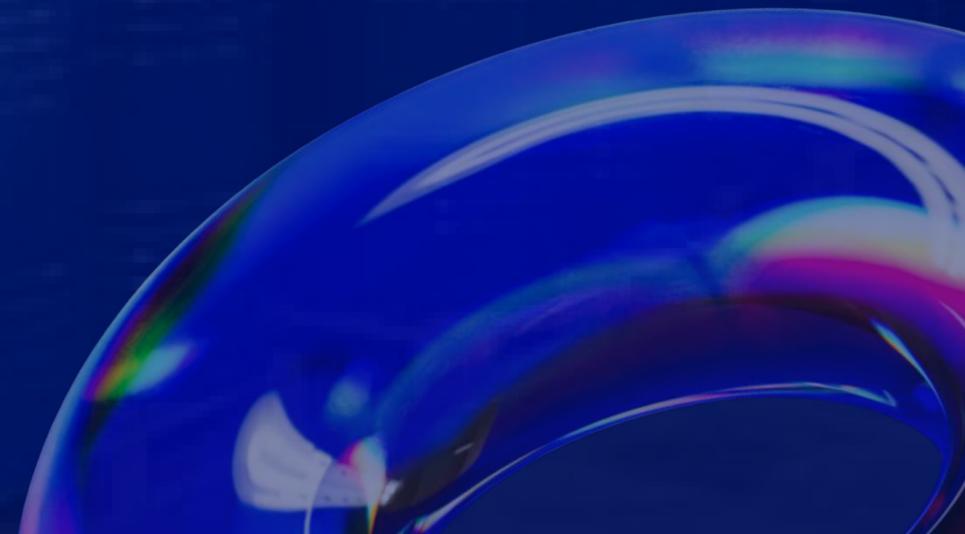

**Multi Years of experience**

ISO 9001 (Quality Management System)

ISO 45001 (Occupational Health and Safety Management System)

## OUR PRODUCTS

- Acetic Acid
- Acetone
- Activated Carbon
- Activated Alumina
- Algaecide
- Aluminium Sulphate
- Ammonium Chloride
- Amino Trimeth. Phospho. Acid (Briquest 301 50A)
- Ammonium Acetate
- Butyl Glycol Ether
- Benzalkonium Chloride 50%
- Calcium Hydroxide (Hydrated Lime)
- Calcium Chloride 77%
- Calcium Hypochlorite 65–70%
- Chlorine Tablet, 200GM
- Citric Acid
- Common Salt
- Copper Sulphate
- Coconut Diethanolamide
- Copper Carbonate
- Di Amino Phosphate
- Disodium Hydro O-Phosphate
- Distilled Water
- EDTA 2NA
- EDTA 4NA
- Ethyl Acetate
- Ethanol 96%
- Ethanol 99.9%
- Ferric Chloride 40% Sol.
- Ferrous Sulphate
- Nitric Acid 68%
- Nonyl Phenol Ethoxylate (NP9)
- Polyaluminium Chloride
- Phosphoric Acid 85%
- Polypropylene Glycol (Anti-Foam)
- Potassium Carbonate

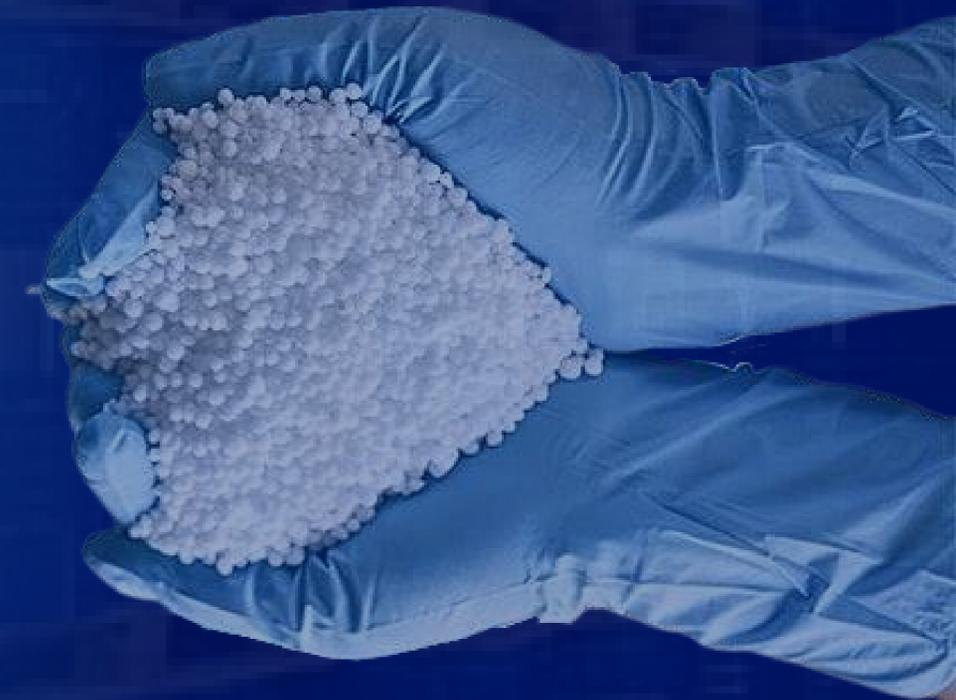

## OUR PRODUCTS

- Potassium Chloride
- Potassium Hydroxide
- Potassium Permanganate
- Soda Ash Dense
- Soda Ash Light
- Sodium Benzoate
- Sodium Bicarbonate
- Sodium Bisulfate
- Sodium Carboxy Methyl Cellulose (CMC)
- Sodium Formate
- Sodium Gluconate
- Sodium Hexameta Phosphate
- Sodium Hydroxide (Caustic Soda Flakes)
- Sodium Hydroxide (Caustic Soda 49% Solution)
- Sodium Hypochlorite 10–12%
- Sodium Metabisulphite
- Formaldehyde 37%
- Formic Acid 85%
- Glycerine 98% USP/BP
- Hi-Sterile Disinfectant
- Hydrazine Hydrate 55%
- Hydrazine Sulphate
- Hydrochloric Acid
- Hydrofluoric Acid 40% HF
- Hydrogen Peroxide 35%
- Inhibitor Bonderite-AD50 (Rodine 50)
- Inhibitor Bonderite-SAD85 (Rodine 85)
- Inhibitor Bonderite-AD31A (Rodine 31A)
- Iso Butanol
- Isocyanuric Acid
- Isopropyl Alcohol
- Magnesium Sulphate
- Methanol
- Methyl Ethyl Ketone (MEK)

## OUR PRODUCTS

- Monoethylene Glycol (MEG)
- Monopropylene Glycol (MPG)
- Sodium Metasilicate
- Sodium Molybdate
- Sodium Nitrite
- Sodium Nitrate
- Sodium Silicate Soln.
- Sodium Sulphite
- Sodium Sulphate
- Sodium Thiosulphate
- Sodium Tripoly Phosphate (STTP)
- Sorbitol 70%
- Sulphuric Acid 98%
- Sulphamic Acid
- Tannic Acid
- Toluene
- Triethanolamine
- Trisodium Citrate
- Trichloroethylene
- Trisodium Phosphate (TSP)
- Urea
- Xylene
- Zinc Ammonium Chloride
- Zinc Chloride
- Stearic Acid
